The purpose of this policy is to provide guidance to case managers on how to conduct utilization and allocation reviews of services provided through the CDASS service delivery option. This policy overview does not provide guidance for every situation, but rather provides standards for use by case managers.

Allocation management is a key element of the CDASS service delivery model, allowing for increased client choice and control. Flexibility in how CDASS services are utilized enables clients to manage the services they need to live independently and to more fully participate in their communities. Covered CDASS services as defined in §8.510.3 are Health Maintenance Activities, Personal Care and Homemaker services. The allocation shall only be used to purchase covered CDASS services.

Upon enrollment and at the time of the Continued Stay Review (CSR) the case manager assesses the client's needs and identifies services to address those needs. If the client experiences a change in condition the case manager may determine (as set forth in §8.510.14.E) during the service plan year that a reassessment is necessary. If the change in condition is a result of an acute episode, as defined in 10 CCR 2505-10 §8.523.11.K.1, the case manager shall follow the rules as set forth in §8.510.10.C. If a reassessment is completed and indicates that a change in attendant support is necessary the case manager shall follow Department guidelines to adjust the service plan.

Each month, the Fiscal Management Services (FMS) organization shall notify each CMA when the Client Monthly Allocation Statement is available. The Client Monthly Allocation Statement is a report that details all service utilization during the month. This statement is produced by the FMS organization and includes all payments made to attendants during the month. The statement summarizes expenditures for the month and the remaining yearly allocation amount. The case manager shall review the Client Monthly Allocation Statement for appropriate utilization of services within the allocated amount.

If the Client Monthly Allocation Statement indicates that expenditures do not exceed the client's average monthly allocation determined by dividing the total allocation by the number of months in the CDASS period, by more than 10%, or does exceed it by 10%, but the client has the reserves to cover the

expenditure, no formal action is required. Reserves are those funds that remain unspent when a client spends less than the average monthly allocation from the start date of the certification period to month of over expenditure. Additionally, over utilization that is planned and documented in the service plan, Attendant Support Management Plan or BUS log notes also requires no further action.

If however, review of the Client Monthly Allocation Statement shows expenditures which exceed 10% of the average monthly allocation with no reserves, formal action steps should be taken in the form of the following protocol.

IV. PROTOCOL

A. If the Client Monthly Allocation Statement indicates the expenditures exceed the client's average monthly allocation by more than 10%, the case manager shall:

1. Review the client's approved Attendant Support Management Plan (ASMP) to determine if the fluctuation in expenditures was authorized and part of the plan or if there are reserves to cover the over expenditure. In these instances the case manager shall document the expenditure review in the Benefits Utilization System (BUS) log notes and no further action is required.
2. If the first over expenditure of more than 10% of the average monthly allocation is not prior authorized in the ASMP, Service Plan (SP) or Benefits Utilization System (BUS) log notes and there are no reserves to cover the utilization, the case manager shall contact the client or Authorized Representative (AR) within five business days of receipt of the Client Monthly Allocation Statement to:
 - a. Determine if the client experienced a change in condition resulting in the need for additional services.
 - b. Discuss with the client or AR the plan to address the over expenditure. Offer the client the option of additional training through the Department contracted training and operations vendor if the client reports difficulty with managing the allocation. The case

manager shall document in the BUS log notes that training was offered, the client's response, and any plans developed.

3. If the second over expenditure of more than 10% of the average monthly allocation is not prior approved in the ASMP, SP or BUS log notes and there are no reserves to cover the expenditure, the case manager shall contact the client or AR within five business days of receipt of the Client Monthly Allocation Statement to:

a. Determine if the client experienced a change in condition resulting in the need for additional services.

b. Discuss the over expenditure and develop a plan to reduce expenditures for one to two months to support the client to stay within their annual allocation. If the two month timeline creates a health or safety concern the case manager may extend the time needed bring expenditures within the annual allocation as appropriate. The case manager shall document the plan in a letter sent to the client or AR within five business days of the discussion.

c. Offer the client the option of additional training through the Department contracted training and operations vendor if the client reports difficulty with managing their allocation. The case manager shall document in the BUS log notes that training was offered, the client's response, and any plans developed.

4. If the third over expenditure of more than 10% of the average monthly allocation is not prior-authorized in the ASMP, SP or BUS log notes and there are no reserves to cover the expenditure, the case manager shall contact the client or AR within five business days of receipt of the Client Monthly Allocation Statement to:

If the two month timeline creates a health or safety concern the case manager may extend the time needed bring expenditures within the annual allocation as appropriate. The case manager shall document the repayment plan in a letter sent to the client or AR within five business days of the discussion.

d. Require allocation management training with the Department contracted training and operations vendor for the newly assigned AR and optional training for the client.

e. The case manager shall document all activities in the BUS log notes.

5. If the fourth over expenditure of more than 10% of the average monthly allocation is not prior-authorized in the ASMP, SP or BUS log notes and there are no reserves to cover the expenditure, the case manager shall contact the client or AR within five business days of receipt of the Client Monthly Allocation Statement to:

a. Inform the client and AR that the client will be terminated from the CDASS service delivery option in accordance with §8.510.12 within 30 calendar days.

b. The case manager will work collaboratively with the client to secure agency based waiver services.

COLORADO DEPARTMENT OF HEALTH CARE POLICY AND FINANCING CONSUMER DIRECTED ATTENDANT SUPPORT SERVICES (CDASS) PROTOCOL

CDASS Two Attendant Requirement Protocol for FMS Vendors & Case Management Agencies

Effective 1.1.2016

I. PURPOSE AND AUTHORITY

A. PURPOSE

The purpose of this protocol is to establish policy and procedures for Financial Management Service (FMS) vendors and Case Management Agencies (CMA) in meeting the requirement for a CDASS client to have two attendants employed with the client selected FMS vendor. Because CDASS clients are responsible for managing their homemaker, health maintenance and personal care services, it is imperative that clients have at least two employees. Two employees provide backup services in the event that the primary attendant is unavailable.

B. AUTHORITY

Consumer Directed Attendant Support Services, 10 CCR 2505-10 8.510.

II. DEFINITIONS

A. Attendant means the individual who meets qualifications in § 8.510.8 who provides CDASS as determined by § 8.510.3 and is hired by the client or client authorized representative.

B. Authorized Representative (AR) means an individual designated by the client or the legal guardian, if appropriate, who has the judgment and ability to direct CDASS on a client's behalf and meets the qualifications as defined at §8.510.6 and §8.510.7.

C. Case Management Agency (CMA) means a Department approved agency within a designated service area where an applicant or client can obtain Long Term Services and Supports case management services.

D. Case Manager means an individual who meets the qualifications to perform case management activities by contract with the Department.

E. Consumer Directed Attendant Support Services (CDASS) means the delivery option for services that assist an individual in accomplishing activities of daily living when included as a waiver benefit that may include health maintenance, personal care, and homemaker activities.

F. Department means the Colorado Department of Health Care Policy and Financing

G. Financial Management Services (FMS) means an entity contracted with the Department and chosen by the client/AR to complete employment related functions for CDASS attendants and track and report on individual client allocations for CDASS.

H. Training and Operations Vendor means the organization contracted by the Department to provide training to CDASS clients/authorized representatives, provide training to case managers on participant direction, and provide customer service related to participant direction.

III. POLICY OVERVIEW

The purpose of this protocol is to provide guidance to FMS vendors and case management agencies on how to monitor and report CDASS client employment contracts in the CDASS service delivery option. Attendant management is a key element of the CDASS service delivery model as it gives clients the choice and control to select and manage their CDASS attendants. Clients or their CDASS authorized representative are responsible for hiring, training, scheduling and managing attendants. Assuring back up coverage is an essential part of management of attendant services in any model. CDASS clients take responsibility for arranging their own backup care and therefore must always have a backup attendant available. Prior to the case manager and the FMS vendor determining a start date for CDASS, the client or authorized representative is required to establish the employment of two attendants through the client's selected FMS vendor. Maintaining employment of a minimum of two CDASS attendants is essential for the health and welfare of CDASS participants to ensure they are able to access attendant services timely and have their personal care, homemaker, and health maintenance service needs met. **While the client or authorized representative must have established employment with two CDASS attendants, it is the determination of the client or authorized representative whether to utilize one or more attendants to perform services during any pay period.**

This policy overview does not provide guidance for every situation, but rather provides standards for use by FMS vendors and case management agencies.

IV. PROTOCOL

A. Each FMS vendor is responsible for running a monthly report to identify any clients who do not have an employment relationship with at least two CDASS attendants. When the FMS vendor identifies a client who does not have two CDASS attendants, the client's FMS vendor shall:

1. Contact the client or client's authorized representative to inform them that the two attendant employment requirement is not being met.

- a. This contact will be initiated by the client's FMS vendor within five business days of the identification of the client not meeting the requirement. The FMS vendor will mail or email (based on client communication preferences) the client or the client's authorized representative notification regarding noncompliance with the two attendant protocol. The notification will include the CDASS Two Attendant Requirement Protocol for FMS Vendors & Case Management Agencies and FMS employment applications for completion. Client will also be advised of the opportunity for voluntary training through the Department's contracted training and operations vendor regarding locating, interviewing and hiring new attendants. Upon request, the client's FMS vendor will provide the client or client authorized representative with a list of available attendants that are seeking employment.

- b. The client's FMS vendor will notify the client's case manager regarding the two attendant protocol violation.

2. The client, or client authorized representative is required to submit a completed employee application to hire at least one additional attendant in order to be in compliance with the two attendant requirement.

- a. The completed employee application must be submitted to the client's FMS vendor within 30 calendar days of FMS notification.

representative of the employment eligibility determination. The FMS vendor must identify all errors in the employment application within the first three business days and report any errors to the client or AR.

3. If the client, or client authorized representative does not submit an employee application within the first 30 calendar days following FMS identification and notification of the client not meeting the two attendant requirement:

a. The FMS vendor will notify the client's case manager within five business days of the requirement not being met.

b. Within five business days after notification from the client's FMS vendor, the case manager will refer the client or client authorized representative to the Department's contracted training and operations vendor for mandatory retraining. The case manager shall inform the client, or client authorized representative if applicable, that retraining must be completed within 45 days from the date the case manager contacts, and submits the retraining referral to the training and operations vendor. The case manager will send written notification to the client, or client authorized representative informing them of the mandatory training and the time frame for training to be completed.

c. The client, or client authorized representative will no longer be required to complete training if an eligible employee is hired before the established 45-day timeframe.

- d. If the client or AR notifies the FMS with good cause for not complying and has made reasonable efforts to secure a second attendant the FMS will contact the Department to request an extension. The maximum extension is an additional 20 days.
4. If the client, or client authorized representative does not complete the required training through the training and operations vendor by the established 45-day timeframe and does not have two attendants approved for employment through the FMS vendor:

a. Inform the client and AR that the client will be terminated from the CDASS service delivery option in accordance with §8.510.12 and 8.510.9.C within 30 calendar days.

b. The case manager will work collaboratively with the client to secure IHSS or agency based waiver services.

c. The case manager shall provide the client with a Notice of Action, in accordance with §8.510.12.A.1 and §8.510.12.A.2. This notice provides the client with their appeal rights.

d. The case manager shall notify the client FMS organization of the date on which the client is being terminated from CDASS.
