The Case Manager is responsible to review the client/authorized representative identified homemaker, personal care and health maintenance services for appropriateness in comparison with the clients CDASS task worksheet. Any services indicated on the ASMP but not on the task worksheet (and vice versa) should be reviewed further by the client/authorized representative and the case manager. Approval should not move forward until service tasks on the task worksheet and ASMP match. Service frequency and duration identified in this attendant support management plan for each task are an estimate. The frequency and duration of tasks may vary from day to day based on the client service needs. Are there times during the year that your care needs predictably change and you will most likely need to utilize more or less services? Please share this information.									
Please inform you case manager if your needs change.

* Refer to the Attendant Wages table in section 5 of the CDASS manual. Participants in CDASS are the employer of their CDASS attendants and are required to comply with the Fair Labor Standards Act. This includes paying overtime rates to CDASS Attendants who work more than 40 hours in one week or over 12 hours in a single shift. For additional information or training on over time please contact Consumer Direct Colorado. Additional information is also available through the Colorado Department of Labor.								
Managing your CDASS allocation and budgeting is an ongoing task. Your FMS provider will provide a Monthly Client Expenditure Statement (MCES) that will show what you have spent and assist you to stay on track and within your monthly allocation. You also have access to an online portal through your FMS provider to help check budget utilization. You will need to work with your individual FMS provider for assistance with completing timesheets correctly.
