The Case Manager is responsible to review the client/authorized representative identified homemaker, personal care and health maintenance services for appropriateness in comparison with the clients CDASS task worksheet. Any services indicated on the ASMP but not on the task worksheet (and vice versa) should be reviewed further by the client/authorized representative and the case manager. Approval should not move forward until service tasks on the task worksheet and ASMP match.

Service frequency and duration identified in this attendant support management plan for each task are an estimate. The frequency and duration of tasks may vary from day to day based on the client service needs.

Are there times during the year that your care needs predictably change and you will most likely need to utilize more or less services? Please share this information.

Managing your CDASS allocation and budgeting is an ongoing task. Your FMS provider will provide a Monthly Client Expenditure Statement (MCES) that will show what you have spent and assist you to stay on track and within your monthly allocation.
